EXPERIENCE

FRONT-END DEVELOPER (FREELANCE)

U-Group Ltd. | Jul 2018 – Present

- Clients include Area 22 Productions, WaterSolutions LI, and Seoul Pharmacy.
- Created sites tailored to client's needs using React, JavaScript, and Wordpress.
- Utilized multiple languages and CMS for frontend and backend development.
- Conducted code reviews to ensure code adheres to industry best practices and team guidelines.

FRONT-END DEVELOPER

Advice Media | Oct 2016 – May 2018

- Utilized WordPress, HTML/CSS, JavaScript, and PHP to create sites.
- Developed custom themes in CMS systems.
- Created responsive layouts using bootstrap and media queries for all devices.
- Maintained schedules and assured on-time delivery of content.
- Restructured pre-existing templates using PHP.

WDI STUDENT

General Assembly | July 2015 – Oct 2015

Created a multitude of apps including:

- *Car It* — A mobile app that allows users track where they parked.
 - Seeded a PostgreSQL database with data via Google Map API and Ruby on Rails
 - Created user accounts with sessions and Bcrypt
- *Vital Note* — A single page app to keep track of blood pressure and glucose levels.
 - Displayed corresponding partials when tabs are clicked using route provider.
 - Implemented filter to view readings for selected month using Angular directives.
- *Travel Insight* — A full stack web forum using express.js to discuss vacation spots.
 - Built forum with RESTful routes using express.js.
 - Created user accounts with Facebook OAuth sessions.
- *Tic Tac 21* — A single-page web application for Tic Tac Toe and Blackjack.
 - Achieved logic and functionality via JavaScript and jQuery.
 - Applied animation effects using animate.css.

PHARMACY MANAGER

Smile Pharmacy | Jan 2010 – Mar 2015

Promoted from technician, main duties included filling and dispensing medications, along with inputting prescriptions and insurance billing into the computer. As a manager, additional responsibilities were keeping track of inventory and invoices, create quick codes for employees to use when inputting directions, speak with patients who are having problems with the employees or the pharmacy process, as well as negotiating prices with distributors. Also trained new employees and managed current employee schedules.
