EXPERIENCE

FRONT-END DEVELOPER

Advice Media, | Oct 2016 – May 2018

Worked efficiently with a team of front and back-end developers, web designers, and project coordinators to manage front end development utilizing CMS (wordpress), HTML/CSS, Javascript (jQuery), and PHP. Created customer theme developments in CMS systems. Created responsive layouts using bootstrap and media queries for all devices. Helped oversee website development using custom proprietary PHP and Javascript plugins. Maintained schedules and meeting with clients to gather requirements and assure on-time delivery of content.

WEB DEVELOPMENT IMMERSIVE STUDENT

General Assembly | July 2015 – Oct 2015

Created a multitude of apps including the following:

- Car It — A mobile app that allows users track where they parked.
 - Implemented logic to track the time in parking meters using JavaScript
 - Seeded a PostgreSQL database with location data via Google Map API and Ruby on Rails
 - Created user accounts with sessions and Bcrypt
- Vital Note — A single page app to keep track of blood pressure and glucose levels.
 - Displayed corresponding partials when tabs are clicked using route provider
 - Implemented filter to view readings for selected month using Angular directives
 - Achieved responsive UI implementing Bootstrap framework
- Travel Insight — A full stack web forum using express.js to discuss vacation spots.
 - Built forum with RESTful routes using express.js
 - Created user accounts with Facebook OAuth sessions
 - Tracked number of upvotes and comments using logic via JavaScript
- Tic Tac 21 — A single-page web application for Tic Tac Toe and Blackjack.
 - Achieved logic and functionality via JavaScript and jQuery
 - Applied animation effects using animate.css

PHARMACY MANAGER (PROMOTED FROM PHARMACY TECHNICIAN)

Smile Pharmacy | Jan 2010 – Mar 2015

Started as a technician, main duties included filling and dispensing medications, and inputting prescriptions and insurance billing into the computer. Promoted to manager with addition responsibilities of keeping track of inventory and invoices, as well as negotiating prices with distributors. Perform eye exams to submit to DMV and control medication dispense record submissions. Train new employees and manage current
